Ceremonies

Opening Circle

Wednesday 10/11, 1:00 PM

Opening Circle - We will gather at Heart Hearth Fire as Lunch ends to welcome and center our best intentions and possibilities as a Community and for our individual energies during the Autumn Fires Festival time and beyond. This will be an informal participatory Circle Ceremony.

Ancestor Shrine

The Ancestor Shrine is housed at the Village Green (across from main stage). All are welcome to visit this self-serve shrine open 24/7. This is a place to venerate and grieve ancestors with a variety of love actions: talk, laugh, cry, mediate, talk in groups and share stories of loved ones – whatever helps you in your life's journey. Visit to light a candle or write letters to loved ones or just enjoy the healing space. Feel free to bring mementos (pictures, small objects) to leave at the Shrine for the weekend as a point of focus and honor for the dead. We will formally open the Shrine at 7:30 on Thursday. (Note: In addition to the Ancestor Shrine, there is a permanent Ancestor Mound next to the Stone Circle that is dedicated to the same purposes of ancestor veneration.)

Embracing the Power of Kali - A Story and Ritual

Thursday 10/12, 7:00 PM @ Spirit Circle (Main Stage if raining)

The goddess Kali once destroyed the demons hunting humanity and the gods by growing to great heights and stomping them into the ground. Today we will channel that same spirit and unleash our limitless potential by naming the demons we face – in the form of grapes – and destroying them in a grand act of sympathy magick. We will rejoice in the destruction of rebirth as we allow ourselves to be fifty feet tall above the “corpses” of our past, releasing our aggressions.

Just as Kali found her way out of her angry madness by seeing the face of her beloved, we will end by reminding ourselves of all that we love in this world. We will take time to regain our peace, to recenter, and to cleanse, so we can leave the circle empowered and refreshed.

Women's Circle: The stories we keep deep within us

Friday 10/13, 1:00 PM @ Hickory Grove (meet @ Pavilion if raining)

The circle offers a safe and nurturing space for women to come together and explore the powerful narratives that reside in the depths of their hearts and souls.

In this circle, participants can expect:

A small opening, creating an atmosphere of reverence and trust. This ritual sets the tone for a deep and meaningful exploration of the stories within. Each woman is invited to share a story or other narrative from her life that she feels compelled to explore or release. The group listens without judgement or interruption, holding space for vulnerability and authenticity.

The circle provides a supportive environment for women to release emotional burdens and find healing through the act of sharing. Group members. An offer empathy, insights, and validation to one another.

The gathering concludes with a closing, where we may collectively release any stories that no longer serve them or celebrate newfound insights and healing. Please feel free to bring a written piece(story, poem, or prayer) that will be burnt in an offering to The Mother.

These Women's circles foster a sense of community and connection among participants.

Women often find strength and empowerment in knowing they are not alone in their experiences. Through this circle, women explore the stories that have shaped their lives whether they are tales of resilience, growth, trauma, or triumph. By acknowledging and sharing these stories, participants can gain a deeper understanding of themselves and find healing and transformation within the support of a loving and compassionate community..

Depending on area, weather, and other factors. Our offering may be burned within the paw paw fires.

Men's Circle

Friday 10/13, 2:30 PM @ Spirit Circle (Main Stage if raining)

Our circle is a safe haven, deliberately devoid of external distractions, fostering an ideal setting for healing and growth.

The Mysteries of Wyrd: The Call of the Fates (teens and adults)

Thursday 10/12, 2:30 PM @ Hickory Grove (Pavilion if raining)

Whether it is the call to embark on a journey, or the call to express one's truth, or the call to a specific career, lover, place, or spiritual practice, that which is referred to as "the Call" comes to us all. Every one of us has been called by something and toward something at one or more points over the course of our lives. This is the Call of the Fates. It is the call to meaning, purpose, magic, and soul; it is the call to revelation, healing-transformation, and becoming; it is the call to Wyrd—to the ways of fate, destiny, nature, soul, and magic. Let's explore this Call in sacred community circle together. How has the Call manifested in your life? To what are you being called? How can you, and we, attune to, and trust, this call more and more? Come share your experience and wisdom, or, simply come to listen and observe. Let us be guides for one another as we explore the mysteries of wyrd together.

Beth Zimmerman is a Renaissance woman who has integrated all her many studies and interests into her spiritual work. Having studied the many origins and paths of religion in history at Purdue University, she's sought out the true stories of folks like us in art, texts and faiths from around the world. Her writing has been published with Dark Moon Press, Witch Way e-Magazine, Sage Woman, and Oklahoma Pagan Quarterly, and you can follow her priestess work through both Guild of the Gods and Spiral Spirituality on Facebook.

Embracing the Power of Kali - A Story and Ritual

Thursday 10/12, 7:00 PM @ Spirit Circle (Main Stage if raining)

See under *Ceremonies*.

Kids Opening Circle (younger children)

Thursday 10/12, 10:00 AM @ Kid Village

Welcome to Autumn Fires! Kids Village watches over our beloved little ones every festival - for this ritual, we'll gather together to bless, cleanse and secure the space.

Parents are invited, but this is magick for the kids to do! This hands-on ritual will allow for creativity, inventiveness, and personal empowerment, for each of our little ones. They only need to bring themselves, their imagination, and any magickal tools they might want to utilize!

Make a Story Time (younger children)

Thursday 10/12, 1:00 PM @ Kid Village

This time the story isn't just written by one person - it's written by all of us! Beth will be leading the way with starting ideas, but it's everyone's job to give input! Whether you suggest a character, describe a destination, or take over the tale for a bit, this is the kind of story we pass around. We'll take a few tries at this, seeing where each tale might wind off to. Everyone is welcome to participate - who knows where we could end up!

Stating the Obvious about Dosage - A Comedic Dialogue (adult 18+)

Thursday 10/12, 4:00 PM @ Main Stage

Alcohol and drugs are such a taboo subject - yet they can be discussed the same way as any other holistic or medical product, with recommended guidelines - not just saying "stop that." I've studied them from a holistic viewpoint, as far as wellness studies and historical uses. I've also looked at them shamanically, as far as different tribes and peoples have accessed them - which also involves modern studies! Medicinally, experts have analyzed and quantified aspects of how intoxicants affect the body, and it is amazing to learn about!

There's certain basic cautions that no one ever really wants to talk about, especially since it ends up sounding so...dull. Most people don't want to think so hard about substances designed to distract us - so we end up missing important details. I'm here to endorse health, not abstinence but realistic caution - to explain how things affect the body, in (hopefully) hilarious ways that allow us to better understand and sympathize with our poor meat suits, as they recover from the damage we put them through.

Mad Hatter's Tea Party

Friday 10/13, 4:00 PM @ Kid Village

We will have a delightful set of ingredients and mixed teas to choose from - everyone is invited to make their own! You'll get to learn a bit about each ingredient's usefulness and flavor, then it's your turn to make your own brew!

Please try to bring your own mug - we want to give you each a heaping helping of drink to enjoy, and you get to keep the reusable teabag!

Community Costume Construction (younger children)

Saturday 10/14, 2:00 PM @ Kid Village

Let's help each other be extra fabulous for the Trick or Treat! Bring your spare supplies, if you're comfortable sharing. No one should have to ask for goodies without an exciting costume.

Between the craft supplies and costume bits of Kids Village and group innovation, we will try to help each and every kid feel as amazing or fearsome as they prefer!

Community Trick or Treat!

Saturday 10/14, 3:00 PM @ Kid Village

Everyone - start your engines! Don your costumes, grab your best bag for collecting goodies - it's time for Wisteria's kiddos to go trick or treating!

We will gather at Kids Village ahead of time to get organized, then travel through the vendor's area in groups that naturally form. Keep an eye out for the treat bowls - no one is obligated to participate, but everyone is invited!

We appreciate any parents who can join in as we wander through camp. KV volunteers will help wherever necessary, but we want to remind all the kids to stay near an adult in charge. Thank you for making this fun and easy!

Kids Cleanup @ Closing Circle

Sunday 10/15, 10:00 AM @ Kid Village

Tear down has never been so much fun! Feel free to bring your leftover snacks to share as we work together to organize KV for the end of the festival season. Anyone from our Kids Village family who wants to contribute to the effort is welcome! We'll have a great time getting our special place ready for its winter rest. A short ritual of closing will follow our efforts.

Nature Preserve Waterfall Hike

Friday 10/13, 3:00 PM - Meet @ Pavilion

Saturday 10/14, 3:00 PM - Meet @ Pavilion (alternate rain / overflow date)

Ever wondered about the rest of Wisteria? Join us for this special tour of select areas of the usually off-limits Wisteria nature preserve. Led by Charlene Suggs, the hike goes through many

scenic regions including a waterfall, stone features, and gorgeous undisturbed areas, accompanied by stories about Wisteria's founding and the land.

We'll start and return to the main pavilion. Wear comfortable, weather-appropriate clothing and sturdy shoes. Optional: water, hat and camera. Too taxing for children or adults who cannot navigate natural terrain and/or walk for a sustained time.

As a practicing intuitive tarot reader, counselor and meditation instructor I offer my intuitive gifts to help you discover your unique soul path so you can recognize and listen to your higher self. I can gently tap into your energies and help you explore choices and possibilities that will lead to greater inspiration, clarity and focus. This in turn helps you to shift dysfunctional patterns and create a more authentic, clear, and intentionally driven life. I am clairsentient (clear feeling), clairaudient (clear hearing) and clairvoyant (clear seeing). I am passionate about helping people achieve greater awareness of their needs so they can create a life of their own authentic imaginings. I love beading, singing and swimming. I make my home in Columbus with my bunny, Alexandra and kitty, Cassiequinn as companions.

Alchemical psychology- earth, air fire, water work (Teens and adults)

Thursday 10/12, 10:00 AM, Hickory Grove (Pavilion if raining)

I will be presenting on alchemy using Thom Cavalli's brilliant book Alchemical Psychology: Recipes for Living. This provides a model for psychological stages of growth. Borrowing from alchemical principles throughout time this material when practiced is simple, grounding, and affirming. It draws from images in nature that are evoked from the properties, fixities and functions expressed in the elements earth, air, fire and water. We will explore these as they relate to psychological stages in an evolving soul as well. We will use felt-sense images and do a meditation where we connect with them in the body and being. I have found this material to be transformational to my own personal development and can't wait to share it with all of you.

Money Magic

Friday 10/13, 1:00 PM @ Green Man

We often don't want to think about money, but it's a tool that helps us have the freedom to enjoy our lives. Let's explore our relationship with it, our inner "money scripts" learned from childhood, and what we can do to take control of our financial lives rather than being driven by what we've learned, sometimes through traumatic experiences. We'll have some time to share, work on our

personal priorities, discuss some magical rituals that can be done to help us keep the focus on where we are headed, and hopefully leave with some physical tools for spell work as well as concrete steps to take moving forward.

Nightbird (Karen Martin)

Karen Martin, M.Ed. (Nightbird) is an educator, writer/editor, musician, jewelry maker/artist, Reiki Master, and Shamanista. Karen completed a two-year shamanic apprenticeship with Windsong Healing Arts in Dayton, Ohio, in 2014, and has studied with numerous shamanic mentors since then. Her practice follows core shamanism as taught by Michael Harner, and often integrates Reiki, guided imagery/visualization, and sound healing (percussion, toning, chanting, music) in one-on-one sessions with clients. / A lifelong musician, Karen grew up singing and playing instruments, primarily piano, saxophone, baritone horn, marimba, and guitar. Karen played euphonium with the Ohio State University Marching Band for five seasons. She discovered her passion for drumming many years later, when she began going to festivals. Karen got her first djembe in 2010, and over the years has added congas, a frame drum, various shakers, and two more djembes to the collection. Karen has participated in various world percussion workshops, trainings (Jim Donovan), and community drum circles from Ohio to Florida. This year, Karen was selected as an Ambient Musician for the Burning Man Fire Conclave, and was given the name Nightbird on the Playa.

Find Your Power Animal - A Shamanic Journey (adult 18+)

Thursday 10/12, 2:30 PM @ Main Stage

A simple beat of the drum or the sound of a rattle can help anyone fall into an altered state of consciousness, wherein mind, heart, and spirit integrate, promoting healing and transformation. Nightbird will lead guests on a journey to the Lower World to seek connection with their primary spirit guide (typically an animal). They may then ask their Power Animal for healing or guidance. After the journey, guests will be invited to share experiences, ask questions, and offer insights to each other. Time permitting, Nightbird will lead a second circle as a Paired Journey (two persons journeying for each other) or a solo re-entry into the Lower World for specific purposes. Please bring a mat or blanket to lie down on for the journey. / This workshop is presented at Burning Man by ShamanDome, and was developed by camp leaders Windspirit, Earlyman, and Einstein.

The rhythms are primarily for djembe, but all percussion is welcome – we may have to wing it a little! 😊 Ages 10+; please ask your child to check in directly with Nightbird when they arrive. Soup and Story, Friday 10/13, 6:00 PM @ Heart Hearth

The Stone Soup Story is a European Folklore and a moral story. It has been passed down through generations to teach young ones that sharing and caring for those around you is a normal aspect of life. When we take care of each other, we are able to lead a more fulfilling life, just like the villagers had a fulfilling meal because they decided to share their provisions.

Shannon will be sharing her version of the Stone Soup story at the Heart Heart. Please feel free to contribute to the soup and Fire Mama will work her magic.

Sweat Lodges

The sweatlodge is a ceremony to ascertain balance through cleansing and renewal. It is a ceremony to celebrate being human. A sweatlodge ceremony is shaped by both the past and the present. Your spiritual sincerity is the most important thing you can bring to a sweatlodge. No drugs or alcohol; just the 4 Elements – Earth, Air, Fire, & Water. You must attend NOON ORIENTATION of the day you wish to participate in a sweatlodge ceremony. Orientations are held at the Sweatlodge Site.

Thursday, October 12: Orientation at 12:00 NOON for an open sweatlodge to be facilitated Thursday evening. Time of the sweatlodge will be determined at NOON ORIENTATION. Open to adults 18 years old or older.

Saturday, October 14: At the 12:00 NOON orientation, facilitators and participants will decide whether to have a SILENT SWEATLODGE (no talking during sweatlodge ceremony!) or an open sweatlodge on Saturday afternoon or evening. Time for the sweatlodge ceremony will be determined at NOON ORIENTATION. Open to adults 18 years old or older.

Unless arranged otherwise with the facilitator, you must attend the NOON ORIENTATION if you wish to participate in a sweatlodge ceremony.

If a particular group or individual or couple desire a sweatlodge ceremony for a specific purpose, please talk with Doug Sundling to see if such a ceremony can be arranged.

General Information

Campground and Boundaries

The campground area used for events is only a small part of Wisteria's 620 acres. Do not stray from the clearly marked event areas shown on the map. Other areas of the land are off limits as they are private sites, rugged terrain or are part of the wildlife habitat/nature preserve areas. Wisteria land has many cliffs and ravines and other natural features. Loose footing on unfamiliar ground can result in catastrophe.

Camping

Most camping at Wisteria is primitive tent camping.

Please take good care of your campsites and practice Leave No Trace principles, removing all ropes and cleaning up trash when you leave. Please use light-colored marking material to flag your ropes and tent stakes. Be aware that centrally located areas may be noisy well into the night; for a quieter camping experience, consider remote woods camping in the Pines. For a full list of campground rules and regulations, see our Campground Rules.

Vehicles

If you are camping in your vehicle or wish to keep it parked at your campsite, you will need a parking pass. To avoid damage to our roads and land, please do not drive once you have unpacked and parked your car. Camper vans and recreational vehicles are permitted, but there are no septic, water or electrical hookups. You may be directed to a designated location for RVs.

Please do not bring motorized vehicles for driving on-site. Bicycles are encouraged. Bicycle travel may be temporarily restricted when campground roads are wet. Staff vehicles (such as utility vehicles and golf carts) will be operating throughout the event, and golf cart shuttle service may be available at some events.

Minor Children

Kids are welcome! Kids under 3 are free, but we'll need to register them. Kids age 3 and up will need tickets. During our events, discounted rates are available for children 3-12. Please note, all attendees under 18 will need to have a responsible adult on site at all times. If the responsible adult is not the child's parent or legal guardian, you will need a Parental Permission Form signed by the parent/guardian for each minor child present without a parent or legal guardian. Contact events@wisteria.org for more information on guardians and what is required.

Creatures Great and Small

Be tick-smart! We recommend insect repellants for your body and permethrin clothing treatments to protect yourself from ticks and mosquitos. Check your body daily for ticks. Nymph ticks, which can carry Lyme disease, are as tiny as a pinhead! If you get a tick, go to First Aid for removal.

Keep food stored securely with lids to discourage raccoons, ants, and other creatures from visiting camp.

Be careful around wood piles and downed trees, as these may be habitats for wildlife. Please treat all local wildlife and insects with respect and remain calm if you have encounters. For help please contact Wisteria Security for assistance, so that no harm comes to campers or resident wildlife.

Disability and Medical Needs

Wisteria is a rustic licensed campground and may not be suitable depending on your condition and level of mobility. If you have special needs, please call us prior to registering to see if we can accommodate your needs. Those with highly specialized diets need to provide for themselves rather than depend on the food vendors. Bring your medications and take them as directed.

Fires and Firewood

Firewood is sold at Mercury's Market or Caffeina's Cafe by the cartload. Wood carts are available. To avoid infestation from invasive insects, do not bring in firewood from other areas! No firewood is to be harvested from the forests of Wisteria, except for small dead twigs and branches. DO NOT dig fire pits. A limited number of fire rings are available for sharing. Do not leave unattended fires burning (this includes lamps and candles). In wooded camping sections, use only established fire rings and circles. **Absolutely no fires in the pine forest!!!**

Should a fire get out of hand, immediately shout for help, and call security on duty. Fire extinguishers are available at Caffaina's Cafe and throughout the campground on poles underneath RED fire buckets.

Keep water handy near fires. Please use caution when kindling fires of any size, and be careful with candles, torches and cigarettes.

Practice Enthusiastic Affirmative Consent

We strive to make a safe, welcoming space for everyone, and do not tolerate harassment or predatory behavior. While you're here, please play nice, and follow our culture of affirmative, enthusiastic consent. This applies not just to adult experiences, but to everything. Not everyone is comfortable being hugged or touched, for example. If you have questions about consent culture, please don't hesitate to ask.

If you feel your boundaries have not been respected, or you wish to report a consent violation, please come to First Aid, or if you'd rather give anonymous feedback, look for the QR code link to our feedback form on your event program. And if you see something, say something! Safety is everyone's responsibility, and we try to take care of each other here.

Radios

The Wisteria staff uses two-way radios to communicate. We may be using any odd-numbered FRS channel, so if your party uses these radios, please use only even numbered channels

Customs

We are delighted to have you as guests. Please be aware of our customs during your stay.

Leave No Trace

Leave No Trace is a set of principles for participation in outdoor recreation that seeks to minimize the impact on the natural environment. Proponents of Leave No Trace believe that individual impacts caused by recreation can accumulate to degrade the land. Therefore, the Leave No Trace message encourages people who spend time in the out-of-doors to behave in such a way that they can minimize unavoidable impacts and prevent avoidable impacts. It is often summarized: "Take only photos, leave only foot prints."

Photography and Electronic Recording

Please be respectful of the privacy of others while photographing and recording. It is necessary to obtain permission from the subjects to photograph people.

Special Event Rules

see Campground rules.

Clothing/Nudity

Wisteria's events are clothing optional in designated areas, generally past the shower house. Please keep in mind that just because someone is nude, however, does not mean they are inviting you to have sex with, harass, touch, or leer at them! Be respectful of all attendees.

Self Safety

We hope that your time here is meaningful, safe, fun ,and transformative. Please use your best judgment in your dealings with all people and beings. Our customs include non-violent interaction and respect of each other's diversity on many levels. Please uphold the tradition of keeping the scene clean. If you have problems or issues with others, please try to settle the matter with a direct, fair and honest approach. Mostly, very nice people come here but if any of them make you feel uncomfortable, emotionally or physically, please feel empowered to keep your boundaries kind and firm. If you want to talk about an incident, please go to the Wisteria Office when open or talk with a Wisteria Safety staff who patrol 24 hours a day. We all protect and grow the beauty we make together by keeping the space safe and beautiful. Be safe, be smart, and be happy.

Drum Circle Etiquette (courtesy of Sara Balz)

We envision a drumming experience that is inclusive of everyone who has a desire to participate, regardless of experience or skill level! In order to make this vision come to life, an awareness of some unwritten "rules" is helpful, so we're going to mention a few of them in the following:

- If it is not yours, please leave it where it is. This could be a chair, a drum, a blanket, or other instruments. The owner WILL return for that item, whether it be tonight, tomorrow, or next year. Please help us maintain the trust we hold with our attendees that their things will be safe with their neighbors.
- Please ask permission before playing another's instrument, be it bells, rattle, tambour, drum, fife, or shaker. In particular, if a drum or instrument is covered, it means the owner does not wish it to be used.
- While you play your chosen instrument, whether it be a drum, tambour, harp, guitar, didgeridoo, please listen as much as you play, in order to best support the fundamental groove that you are helping to create with everyone.
- Be empowered to play -your- rhythm, whatever that may be, from whatever knowledge of rhythms you own. Share it with everyone, so as to contribute new knowledge to the circle. While you play, listen to the musical conversation, leave room for others to speak in it, and meld your voice into the whole in such a way as to allow others the same freedom to express themselves.

- While you are dancing in the circle, please allow slower dancers to move to the outside of the circle, faster dancing nearest the fire. Please don't stop in place to traffic jam the dancers behind you. Please do dance with abandon. Please don't touch other dancers without their consent.
- Feel free to make vocal sounds in rhythm with the drumming! Please don't monopolize the music for your own vocal concert performance. Please do clap your hands and stomp your feet, but please make sure your tambourine and other very high pitched, loud instruments meld with the rhythms of the drums. We invite you to move in whichever direction you prefer, but mind that if you're dancing in an opposite direction as other dancers, the potential for collision is higher.
- Everyone who is not dancing, drumming, or tending the fire, please don't feel as if you need to stay still! Clap along with the drumming! Do sway, stomp, shuffle and swing your hips to the rhythm! Please avoid encroaching on the dance space, or sitting/standing in front of other participants; everyone wants to feel the fire and benefit from the energy that the dancers are moving. A circle allows everyone a front-row seat.
- Please do not touch anyone without their consent, be they dancer, drummer, or other energy worker. You are also an energy worker, and please feel empowered to speak to any of the staff nearby, or a fire tender, if you are made to feel uncomfortable. Please do be aware that drummers, dancers, and energy workers may be on their own journeys, and attempting to engage them is a form of energetic touch which also requires consent.
- Do make vocal sounds in rhythm with the drums and others making rhythmic vocal sounds, but please make these vocal sounds as a contribution to the energy, and not a distraction from it. Loud socializing about the mundane happenings of the day can detract from the euphoric experience of the person beside you.
- Please be responsible for your beverage containers; trash and recycle bins are present for your use.
- Please do take frequent breaks from the circle to relax, but mind that your relaxation doesn't leave human waste near the circle or the paths where someone's bare feet may tread, or near someone's campsite. There is a portable toilet at the top of the pathways, marked by tiki torches. Please don't go down the hill to pee, as these areas are private campsites for staff and volunteers
- Please also be respectful when enjoying cigarettes, cigars, incense, sage, or other smoke-releasing items, as the smoke may be an irritant that could detract from the happiness of others. Some people are allergic to white sage in particular. There are cigarette butt receptacles located outside of the circle.
- Please do enjoy the fire. Let the energy of the blaze renew your soul and fuel your catharsis. Please allow the fire-tenders plenty of space to dance into the circle with fresh wood, and safely out again. Fire-tenders should mind the flow of the dancers, and avoid stopping up the energy by standing in their way if they can help it. Fire-tenders will be wearing work clothes, and often have red suspenders.
- Everyone please feel free to share water freely. There is a clean spigot nearby for fresh refills of containers. Stay hydrated as the beats drive the sweat from our pores and the movement of our feet. If passing around other beverages, please make sure you let

people know what's in them, and be aware that not everyone at the circle is legal drinking age.

Wisteria Is...

Wisteria is a special event site and campground, nature preserve, and residential community, nestled in the Appalachian foothills of southern Ohio. Founded in 1997 with a purchase of land including reclaimed mining areas, Wisteria is dedicated to cooperative ownership, sustainability, education, and responsible stewardship of the land.

The special event site and campground is a private, secluded, and beautiful area which hosts Summer Solstice, Autumn Fires, and several other festival events throughout the year. The campground includes many amenities such as a stage, a large covered pavilion with a commercial kitchen and coffee shop, shower house, hiking trails, and natural swimming pond. For private events, Wisteria can customize its services to accommodate everything from a small woodland wedding to large events with 1000+ attendees.

Our nature preserve covers 200 acres. This preserve is dedicated to protecting the diverse species of vegetation and wildlife unique to this area. Wisteria is also a residential community, with families living on the land and in the surrounding areas. Many Wisterian families practice sustainable living, utilizing alternative energy sources such as solar power.

The Campground is 80 acres of meadows and woodlands nestled into the foothills of the Appalachian mountains. In addition to the natural beauty, it offers many wonderful amenities. The main stage is a covered performance area and amphitheater with a fully equipped sound booth and lighting. A centrally-located pavilion has a full commercial kitchen and coffee house, stage, snack bar, and seating for hundreds. There are numerous unique forest spaces and sacred sites for workshops, gatherings, and celebrations. Some of our facilities include potable water spigots throughout the campground, hot showers, internet service, trash and recycling.

Wisteria has nearly a mile of beautiful and peaceful forests and fields. Our hiking trails wind their way through old and new growth forests and down creeks and past ponds. There are many opportunities for hiking, bird watching and other outdoor pursuits. The campground includes a swimming pond with a beach area surrounded by trees.

Sacred Sites

There are several sacred sites located throughout the campground, ideal for gatherings, ceremonies, workshops, or meditation. We welcome your stories about these spaces; please share via events@wisteria.org or post on Facebook.

Stone Circle

Wisteria Stone Circle is a gathering place with a stone ring and larger stone structures. Oak trees have been planted at the quarters and cross-quarter positions. As the campground is largely situated on a reclaimed strip mine, the growing oaks demonstrate new growth and

healing for the land and visitors. In this open area, there is room for hundreds to gather. Stone Circle has a 125 foot (37.8 meters) inner diameter stone ring within a 140 foot (42.6 meters) outer diameter space. The inner circumference is 382 feet making each degree around the calendar about 1 foot long.

Ancestor Mound

Begun in 1997, the Ancestor Mound was the first mound project at Wisteria. As Wisteria is located in an ancient Native American mound-building region, the Wisteria Community was very interested in constructing a modern mound. At the first Pagan Spirit Gathering held at Wisteria, Circle Sanctuary wanted to dedicate a place where people could leave offerings and Wisteria suggested a mound. The two organizations collaborated; Wisteria provided materials and logistics while Circle directed the ceremony to build the mound. Hundreds of people worked the soil mostly by hand and basket; it was a wonderful evening of sacred work. In addition to offerings, people started burying ashes of departed loved ones in the mound. The mound was then called Ancestor Mound. Through the years, benches and a stone staircase have been added. Ancestor Mound is now a site for ceremonies each year as well as a quiet place to sit and reflect.

Turtle Mound

After the Ancestor Mound was built, Wisteria wanted to undertake a larger mound. Within two hours of this land lies the Serpent Mound, the largest effigy mound in the world. In honor of this ancient mound-building region, Wisteria Community decided to build a turtle effigy mound. In collaboration with PSG (Pagan Spirit Gathering) and hundreds of guests over three summer solstices, Turtle Mound was constructed in a series of ritual work ceremonies. It contains many personal offerings, a prayer pole from the Harmonic Convergence Celebration at Serpent Mound and a ceramic heart made for the turtle. The Turtle is about 60 feet long (18.3 meters) from head to tip of tail and about 40 feet (12.1 meters) across. The head faces the Summer Solstice sunrise.

Sweat Lodge

Sweat lodges at Wisteria are coordinated by Doug Sundling with facilitators announced prior to events. Sundling's ongoing relationship with the sweat lodge began in 1986. He brought the sweat lodge to Wisteria in its initial year of 1997 and has maintained the sweat lodge's presence here. While there is no one way to conduct a sweat lodge, and no one tradition has a monopoly on the truth of the lodge, there are basic underlying principles that do not change. It is wise to listen and learn from others, yet, ultimately, the lodge teaches you what is appropriate for your relationship with it. This wisdom belongs to the sweat lodge experience and should be shared appropriately. Use discretion and exercise your own spiritual freedom.

The Fairy Shrine

If you keep walking along the campground road past the swimming pond, you will come upon the park area of the campground. Nestled in the pines near Firefly Field is the enchanting Faerie Shrine. Established May 1997, the Wisteria Faerie Shrine was the first place at Wisteria dedicated for sacred use. The dedication was a simple ceremony with singing and stories and a few stones and crystals. Since then, thousands have journeyed to the Faerie Shrine to bring all kinds of treasures to leave for the Fey. The Shrine is also a working interactive outdoor art project with many statues, faerie houses, stone structures, paths, altars, chimes, and other contributions. A series of solar-powered streetlights gently lights the Shrine at night for an otherworldly feel. Wisteria Faerie Shrine is simply a must-see experience for all who love the Faerie Realm! If you feel inclined, bring offerings, chimes or other gifts. In the coolness of the Shrine, you can meditate a little, enjoy socializing, play like a child (or bring children!), build faerie houses or just drift away in your imagination.

Paw Paw Drum and Fire Circle

Tucked into in a grove of Pawpaw trees is the Paw Paw Drum and Fire circle. In this clearing, the sound of the drums is naturally echoed and concentrated by the landscape. Paw Paw is often the heartbeat of Wisteria, and many people gather to dance and drum through the night and even into morning. The warm summer nights can bring forth owls and coyotes to join the song. A covered hemiyurt provides shelter for participants and their instruments during the rain.

Shrine Valley

Shrine valley, the original spirit circle, is in the heart of Wisteria. Positioned between the sacred sites of Turtle Mound and the campground proper, Shrine Valley connects to the yellow trail via black trail. Wander this path and you will find

- The Hellenic Shrine, an evolving space that pays homage to the Greek Olympian gods
- Monument to a Fallen Giant, an art installment by Casey Bradley that captures the cycle of life, death and rebirth
- The Apacheta, built as a way of giving gratitude to the mountain spirits and to mother earth
- Harriet Tubman Memorial Shrine, paying homage to the struggles of America to overcome the blight of slavery and racism
- The Between the Worlds Shrine, representing the queer spirit and Wisteria's presence as a place for all people to find solace and restoration in their life's journeys

and more. This the heart of spirituality at Wisteria. Positioned between the world's of the mundane and our treasured sacred sites. It is a place of communion and meditation. We ask that you enjoy this space, leave no offerings that aren't made of natural materials (no plastics), and take the time to absorb what Spirit has to teach you.

Labyrinth of the ways

The Labyrinth of the Ways was gifted to Wisteria in celebration of the 15th Anniversary of the Between the Worlds gathering, as well as in celebration of the 20th anniversary of the finding of the Land. It was built on behalf of Nemeton of The Ways, Green Faerie Grove and the Between the Worlds Community. It took 2 years of communicating ideas, waiting for life & lives to align, over 11 ton of stone, 3 ton of sand & 6 months of labor . On September 14th, 2016 the capstone was placed and She was consecrated and gifted to all. "The Ways" is symbolic of all the Ways of which came together to make this project. There are stones from over 30 states and 5 countries, even more that hold memories, wishes and blessing for all. All of the Ways came together, for all of the ways that walk her paths

Crystal Grove

Crystal Grove was established in 2010 with the initial hanging of chandelier crystal points on a tree in Firefly Field (part of the Faerie Shrine area of Wisteria campground). Crystal Grove is maintained as a reflective and natural place gently sculptured to highlight the landscape, living bouquets and encourage interaction of local flora and fauna. Offerings of crystals (both leaded and natural) are welcomed. Note: Other things that aren't crystals that inevitably get draped there are moved to fairy to maintain the look of natural items and crystal objects.
